DETAILED ACTION

Allowable Subject Matter

Claims 8, 12, 14, 15 are allowed.

The following is an examiner's statement of reasons for allowance:

The amendment to claims, dated 9/1/2005 adds limitations sufficient to overcome the previous rejection. A further search was conducted and an additional reference Woodward et al. (Woodward - US 6,082,680) was found. The examiner has carefully considered a rejection based on the prior art but found it insufficient to reject the claims, because no prior art can be found which discloses or teaches the application of an enclosure on telescoping tubes which has the ^{limitations} ~~limitations~~ of claim 8 especially including a through hole defined in the lever close to the distal end, with a positioning rod mounted pivotally in the through hole to be driven by the rod, and a pivot pin extending through the lever and rod to allow the positioning rod to pivot on the lever.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Daniel J. Mills whose telephone number is 571-272-8115. The examiner can normally be reached on M-F 8:30-5:00.
